EXPERIENCE

Senior UI/UX Designer

Dynamo Technologies LLC

Sep 2021 - Feb 2026

- Led UX strategy and interface design for multiple government agencies including USFS, USGS, & Permitting Council.
- Designed accessible & Section 508 compliant interfaces using Google Material, USWDS, and Tailwind.
- Collaborated with stakeholders directly to define requirements, validate workflows, and approve interface design.

UI/UX Designer

Organized Living

May 2020 - Nov 2020

- Only UX Designer working in a cross-functional team of developers, project managers, business analysts, and product owners.
- Worked directly with product owners to bring the product from 0-1.
- Frequently collaborated with teammates to discuss requirements, analyze interface design, and review development.

UI/UX Designer (Internship)

PROtect

May 2020 - Nov 2020

- Work with a team of designers to build personas/storyboards, conduct research, and create wireframes.
- Utilized interactive prototypes to conduct usability testing and recorded findings to improve the application.
